

Laboratory Infection Prevention

Practice name:
Practice address:

Contact name:

Manufacturing Laboratory: Ashford Orthodontics Ltd, Unit 14a-14B Southwick Industrial Estate, Riverside Road, Sunderland, SR5 3JG

Contact name: Craig Stevens

This practice follows an infection prevention quality assurance programme. All impressions and appliances are washed and disinfected before forwarding to the laboratory.

To ensure laboratory work that is returned to us is a suitable condition, please write the details of your infection prevention procedures in the box below or attach a copy of your written procedure to this form.

This laboratory's infection prevention procedure is as follows:

The laboratory shall endeavour to keep all products clean throughout the production process; however, it is the practice's and end user's responsibility to ensure all appliances are cleaned prior to use. Appliances are not sterilized therefore normal practice protocols should be adhered to.
